

2

Face Puzzle

STEPS:

1. Give students 2 squares of watercolor paper.
2. Draw your face on both pieces of watercolor paper using a permanent marker (optional: start with a pencil)
3. Ask students to paint or color in their face. Have students paint in the background with warm and cool colors on each page. Let Dry.
4. Cut the painted portraits (see backside for directions). Mix the pieces and glue back together.

Materials:

- watercolor Paper
- permanent marker
- watercolor paints/water
- scissors
- glue stick
- colored paper

Note: This project gets a "2" rating because it requires drawing, painting and glueing. This project should take about 40 minutes on day one and 30 miniutes on day two.

Project Short Cuts and Do Aheads

1. Cover the tables with newsprint or other paper before you paint for easier clean up.
2. Set up a station for table groups to collect & return watercolor pallettes, cups for water, & brushes
3. Use the pre-cut watercolor paper or use a larger paper and cut them in half.

Additional Instruction

1. Stack the two self portraits face-up. Then cut them into pieces . This will ensure the pieces can be interchanged.
2. You can limit 2-3 cuts for younger learners. Make it more challening with 4+ cuts.
